

# BIRKS

## FIND YOUR RING SIZE

To find your ring size, print this page and match the circles below with the inside of one of your rings.\*

Half sizes are determined if your ring size falls between two of the circles.\*\*

The most popular sizes are 6 and 7.

To ensure that this guide has printed to scale, please ensure that these rulers measure 2 inches or 20 millimetres, respectively.

\* While this method is a good guide, you can avoid resizing issues by contacting us or by visiting a Birks store for a personalized size assessment.

\*\* Please note: Not all rings are available in half sizes.
